

FOOD IS OUR COMMON GROUND.

Welcome to Social Foundry.

We are a 100% not-for-profit social enterprise. This means all our profits go back to supporting the community. We exist to share life and help foster the skills of young people. We are run by locals with a passion to see transformation in regional Australia. We believe in loving our neighbours and seek to build a place that looks out for all people.

Just like a foundry is a melting pot for something of value, we at SOFO are about the melting pot that is the community - a place to be together, to find belonging, to do life and diversity together, to learn from and teach each other, to know and be known. We exist to give good back through amazing food and coffee.

Thank you for your support, The SOFO team!
